Professor Noam Shomron

Professor Noam Shomron heads the Genomic Intelligence Research Laboratory at the Faculty of Medicine at Tel Aviv University. Professor Shomron leads a multidisciplinary team of scientists consisting of biologists, physicians, engineers, bioinformaticians and mathematicians. His team aims to deepen our understanding on the development of diseases in order to generate a significant impact through translating ideas into clinical reality. Shomron is also the Editor-in-Chief of 'Genetics Research' (Cambridge University Press); Director of Rare Genomics Israel a non-profit organization that assists children and families with undiagnosed genetic disorders; Academic Director of ScienceAbroad; and Co-founder/CSO of Variantyx.
