Curriculum Vitae

Date of Birth: 04.01.1956

General:

Mr. Amihaz Lustig is a senior business executive and investor, who co-owns and leads several companies. Through his companies he is involved in financing, investing, restructuring and development of business & companies in high growing economies.

Mr. Lustig is one of the founding partners and CEO of the LR Group, an Israeli Company established in 1985.

The LR Group operates worldwide in financing, managing, developing, producing, and maintaining medium and large scale national projects in high growing economies all over the world. The group operates worldwide in collaboration with hosting governments and local partners and employs over 2,000 employees worldwide.

The group offers tailor-made solutions, based on the needs and the resources of each particular government or client and have the ability to tie together all the elements of project execution with successful results.

The company and its affiliates have completed hundreds of sustainable projects in Africa, Europe, Oceania and South America in the fields of: Agriculture and agro-industry, Housing and construction, Renewable energy, Water treatment, Communication, Education and training.

Mr. Lustig and the LR-Group pride themselves on investing and taking on projects that generate economic and social benefits for the local communities, improving their standard of living by making basic amenities accessible, providing the training tools to encourage self-sufficiency, strengthen self-esteem and empower the people.

The group's strategy consists of providing expert personnel when and where they are needed to turn a project idea into a successful operation by investing in highly capable, teamwork-activated and motivated manpower.
