Biography:

Gal Wollach, 44, earned an LLB and MBA from the University of Haifa. He has over 18 years experience in development, sales and marketing in the Process industry, most of it related to polymers.

Mr. Wollach's experience combines technological and business development of cutting edge polymeric products to a wide variety of industries and markets. He is accountable for numerous inventions and developments in the field of engineered polymers, 5 of which are patented.

Gal has been serving as R.O.P Ltd's VP International Sales since 2013.
