

**Dr. Yair Schindel**  
**Managing Partner and co-founder of aMoon.**

Previously, Yair served as the founding CEO of the State of Israel's National Digital Bureau, responsible for digitizing governmental services and stimulating economic growth. Yair is the founder of the MAOZ Network, an NGO building collaboration between Israel's most influential leaders, with over 300 alumni dedicated to building collaboration between the private, social and public sectors. Yair was an executive, investor, board or advisory board member in several healthcare startups including OmniGuide, Zebra Medical Vision, and Medisafe.

Yair earned his BSc and MD degrees at Ben-Gurion University and his MBA at Harvard Business School. He served in the IDF for five years and graduated as Chief Medical Officer for the Israeli Navy Seals.
