

Dr. Irit Yaniv

Dr. Irit Yaniv, Managing Partner @ Accelmed ventures II, is an experienced and accomplished senior executive in the Medtech industry. Since joining Accelmed, in 2012, she plays a significant role in leading Accelmed's ventures portfolio companies, serving either as Chairperson or as an active board member and being pivotal in companies' exits. During these years, she advanced the international network, while expanding the reach of Accelmed companies towards relationship with strategic investors and financial syndication.

She was the co-founder of two of Accelmed's portfolio companies in the field of metabolic disorders – e.g. Diabetes and Obesity.

Previously, she held operational positions with different medical device companies, including serving as CEO for couple of companies.

She is heavily involved in the Israeli Eco-System, taking an active part in the BioMed, ICI and WHII conferences as well as 8400 project.
