

MedTech Strategist is led by managing partners and co-editors-in-chief David Cassak and Stephen Levin, along with a seasoned editorial team and staff. Our team provides the global medical device community with both breadth and depth in our industry-leading publications, [MedTech Strategist](#) and [Market Pathways: Global Medical Device Regulation Policy and Reimbursement Review](#), along with access to unparalleled connections at our global investment and partnering [conferences](#). The company's annual [Innovation Summit Dublin](#) event is recognized by industry as the leading medical technology investment forum in Europe. In addition, the company's [Community Blog](#) explores the passion behind the people, technologies, and companies impacting the global device space, in video and blog post format.
