

ABOUT SHAI

Prof. Shai Shen-Orr is a systems biologist, co-founder and chief scientist of CytoReason. CytoReason is a PharmaAI company developing computational disease modeling technology to support decision makers and scientists in impacting assets' efficacy and commercial market potential.

Shai is a Professor in the Faculty of Medicine at the Technion—where he directs the laboratory of Systems Immunology and Precision Medicine. His lab develops novel analytical methodologies which it uses to study immune variation. Shai is the Director of the Zimin Institute for AI Solutions in Healthcare and the founding director of the Technion Healthy Aging Institute.
