

Dr. Eran Zahavy
CEO ADOR

Dr. Eran Zahavy brings over 20 years of high-level R&D experience across biology diagnostics, biophysics, chemistry, and in vitro diagnostics (IVD). He spent much of his career at the Israel Institute for Biological Research (IIBR), where he also served as Chief of Innovation. In addition to his work at IIBR, Eran has served as Chief Technology Officer (CTO) at the Hutchison-Kinrot incubator, TACount, and Longliv VC.

He earned his Ph.D. in Chemistry and Biophysics from the Hebrew University, where his doctoral work received both the Wolf Prize and the Gerhard Schmidt Award. He continued his academic training as a Fulbright Postdoctoral Fellow at the University of Texas at Austin and the University of California, San Diego (UCSD).
