

Dr Itsik Francis

Dr Itsik Francis is heading the Innovation, Strategic Alliances & Digital-Health team at Medison Ventures (Corporate Venture arm of Medison Pharma). He served as Director of Business Development at Ariel's TTO where he performed technology scouting, commercialization, and raised funding from the Israel Innovation Authority. Prior to that, he worked as CEO and co-founder of Citta Pharmaceuticals and a board-member of several BioMed companies. Itsik worked as an Ass. Research Scientist at Columbia University, working on a variety of drug development projects. Itsik holds a Ph.D. from University College London where he studied epigenetic mechanisms in Alzheimer's Disease.
