

Tracy A. Dennis-Tiwary, PhD

Tracy A. Dennis-Tiwary, Ph.D. is Founder and Co-CEO of Wise Therapeutics, which translates neuroscience and cognitive therapy techniques into gamified, clinically validated digital therapeutics, with an initial emphasis on stress and anxiety including the app Personal Zen. As the Co-Executive Director of the Center for Health Technology at The City University of New York, where the mission is to connect researchers, community stakeholders, and technology innovators to bridge the healthcare gap, she has a particular interest in reducing health disparities. She has published over 90 scientific articles and delivered over 400 invited and scientific presentations, and served as an advisor for media outlets such as ABC and Universal Kids, and technology innovators, including 'lilspace and The National Day of Unplugging. She has been featured in the New York Times, ABC Special Report “Screentime” with Diane Sawyer, Wall Street Journal, CBS, CNN, NPR, The Today Show, and Bloomberg Television.
