

## **Micah Pearlman**

Micah Pearlman is Chief Operating Officer at Biolojic Design, a co-founder and Chief Operating Officer of Aulos Bioscience, and has been a senior business and finance executive driving growth and value for over a decade.

Since 2018, Micah has served as chief operating officer at Biolojic Design. During this period, Micah has spearheaded business development and financing activities that ultimately led to deals with top pharma, biotech and VCs generating tens of millions of dollars in near-term cash and long-term potential upside of over \$1 billion. Prior to joining Biolojic, Micah was director of strategy and transformation at Teva Pharmaceuticals. In this capacity Micah worked closely with Teva's CSO and R&D leadership and had a key role in forming Teva's overall specialty medicine strategy, prioritizing Teva's pipeline and shaping Teva's > \$1 billion R&D budget and leading cross corporate digital transformation. Micah started his career as an economist in the ministry of finance in Israel, where he served as head of the higher education and innovative industry sectors, managing budgets of over \$2.5 billion and leading policies aimed at fostering and growing innovation in Israel. In this capacity, he co-founded the Israel Innovation Authority and led tax incentive legislation for angel investors. Micah regularly represented the minister of finance in Israel's parliamentary and government meetings and served on investment committees and boards of several national and bi-national funds.

Micah holds a B.A. with honors in economics, philosophy and political science and an M.A. in public policy, both from the Hebrew University in Jerusalem.
