

Jyrki SUOMINEN
Acting Head of Unit

European Commission
DG Research & Innovation
D.3 – Advanced Materials and Nanotechnologies

Mr Suominen is Acting Head of the Advanced Materials and Nanotechnologies unit at the Key Enabling Technologies Directorate of the European Commission's Research and Innovation Directorate-General.

Mr Suominen joined the Commission in 1996, initially managing research in the field of manufacturing technologies. He has been active in the nanotechnologies field since 2008 and with the start of Horizon 2020 his responsibility area also includes the development of RDI actions and policy in the field of advanced materials.

His previous employers include the European Bank for Reconstruction and Development, the United Nations and the Technical Research Centre of Finland.
