

Chaim Lebovits
President & Principal Executive Officer of BrainStorm Cell Therapeutics

Chaim Lebovits is President & Principal Executive Officer of BrainStorm Cell Therapeutics. He has been at the forefront of mining and natural resource management in African regions for over a decade. He has spent years leading the exploration and development of resources in the Democratic Republic of Congo on behalf of world-leading firms.

In this capacity, he has negotiated numerous, highly-successful deals on behalf of both African governments and global mining concerns. As an internationally known and respected business mogul and corporate manager, Mr. Lebovits has developed excellent personal relations with numerous African leaders, and has promoted the interests of their countries in the economic and political capitals of the world, both in official and unofficial capacities.

Mr. Lebovits is Chairman and CEO of ACC HOLDINGS INTERNATIONAL, an Investment Company with several holdings in gas fields, gold mines and biotech.

He has invested to date more than \$5 million in BrainStorm. As President of the company since July 2007, he has played an active role in its strategic planning and development on an ongoing basis.
